

# Polywater® HydraSol®

## Cable Gel Remover

A multipurpose water/solvent combination wipe for cleaning filling greases and other grime from communication cables, equipment, and tools.

- Maximum solvency power on PE/PJ or ETPR greases
- No chlorinated solvent, CFC, or glycol ether content
- Rinses off with water—water based
- Good for multiple cleanings
- Available in a variety of convenient packages

# HydraSol® Cable Gel Remover

**HydraSol® Gel Remover** is a water-based (over 50%) solvent cleaner that offers unique safety and handling. HydraSol® is amazingly effective at dissolving and cleaning filling greases (ickypic).

**HydraSol® Remover's** components have low toxicity whether by oral, inhalation, or dermal exposure.

**HydraSol® Remover** softens, removes, and suspends filling greases. The solvent remains active and is only slowly "used up." HydraSol® Cable Gel Remover is good for multiple cleanings for economy and efficiency.

**HydraSol® Remover** is easy to rinse off hands and tools. Dissolved grease isn't "redeposited" as the cleaner residue dries.

Cat. No.	Pack. Size	Case Qty
HS-1	Saturated 8" x 12" lint-free wipe in foil pack	144
HS-D72	Dispenser with 72 10" x 12" premoistened wipes	6
